NOTES:

Refer to installation instructions supplied with bathroom sink for wall mount, countertop or console leg installations.

Due to the fireclay process, dimensions may vary. Please use the actual sink that you will be installing in order to determine the cutout dimensions for semi-recessing into the countertop when choosing that installation.

CAUTION: Sink is heavy! Installer must provide adequate reinforcement for all load-bearing supports in accordance with installation instructions supplied with bathroom sink. Metal Console legs are optional and not designed to be load-bearing, proper wall reinforcement is still required.

IMPORTANT: Dimensions of fixtures are nominal and may vary within the range of tolerance established by ANSI standards. These measurements are subject to change or cancellation. No responsibility is assumed for use of superseded or voided pages.
